

Press Release | London Tuesday 16th January 2024

DISCOVER THE ALLURE OF PORTUGAL AT THE 'MOVING TO PORTUGAL' SHOW & SEMINARS IN LONDON ON 14TH MARCH 2024

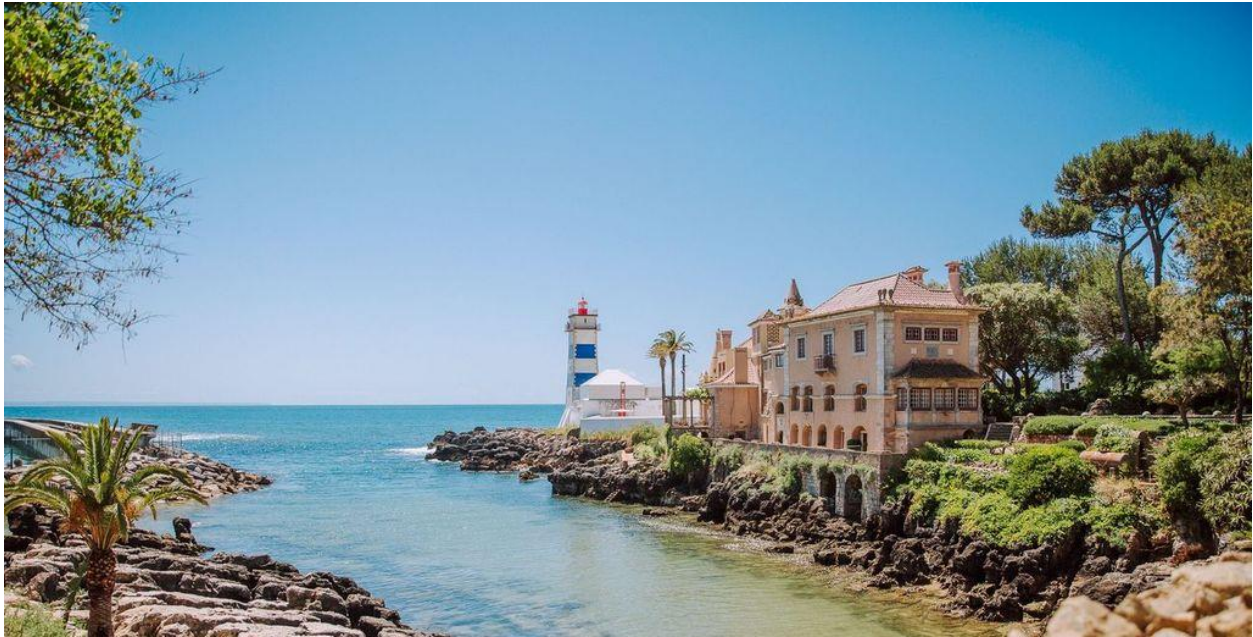

In the midst of a cold British winter, the word “Portugal” evokes images of a warmer year-round climate, picturesque beaches, breathtaking landscapes, and world-class golf courses. So the Portuguese Chamber of Commerce in the UK invites you to explore this enchanting country at their upcoming ‘Moving to Portugal’ Show & Seminars on 14th March 2024 in central London.

Marking its place as the UK’s premier and longest-running event dedicated solely to the Portuguese market, the March 2024 edition of ‘Moving to Portugal’ promises new and exciting developments.

This year’s event will feature a refreshed exhibitor and seminar programme, offering attendees the latest insights into the changes likely to happen in Portugal after the country’s general election on 10th March 2024.

Furthermore, for the first time, in addition to our usual range of seminar speakers and exhibitors offering properties and tax, pension, legal and currency expertise, the March event will also showcase a much-loved region of Portugal – the beautiful and unique 90 km² coastal area west of Lisbon around the famous town of Cascais. The ‘Visit Cascais’ area at the show will highlight the unique benefits of visiting, living, working remotely, and buying property in this captivating region of Portugal.

Whether you're considering a move to Portugal as a potential expatriate or eyeing the country for business investment, the Chamber's 'Moving to Portugal' Show & Seminars serve as your gateway to understanding all the legal, tax, and financial implications of moving, while also featuring the wide range of properties for sale across the whole of Portugal.

Registrations for the event are now open, and seats for the seminar sessions are filling up fast. Secure your spot today by visiting www.movingtoportugal.org.uk. Join us in London on 14th March 2024 and embark on your own journey towards a new and exciting chapter in Portugal.
